Dear First Presbyterian Church family:

God is actively at work around the world, and we are blessed to be invited to participate in the work that God is doing. That is why we send Go and Serve teams around the United States every year, and that is why we have international mission partners. These activities and partners give us an opportunity to be co-workers with God to help heal our broken and hurting world.

Below you will find an update from Kristen Hamner. Kristen is a mission worker and ordained Presbyterian Pastor serving in the Dominican Republic who is originally from Grand Island. She serves with the organization "Foundation for Peace." Our church has supported Kristen and her work for more than decade, and we continue to do so through our mission committee budget each year. Kristen has shared this update with us, and she credited our church's support as one of the reasons that they can do the work described below. Please be in prayer for Kristen, Foundation for Peace, and the people of the Dominican Republic that Kristen works alongside. –Pastor Greg

Hey friends, asking for some prayers today,

Anahis is a precious two year old girl who was born with a huge hole in her heart that went undiagnosed until I went to her house in the mountains with a medical team last week. The pediatric cardiologist who we took her to this week said that she should have been diagnosed at birth and at 2 it might be too late. I'm taking her in for further evaluation on Friday. Please pray for her. We arrived at her house by mistake we were actually looking for someone else with the same name. I believe if God brought us clear up the mountain to find her it is for a reason and that there is a future and a hope for this precious child of God.

Maicol is an 11 year old boy who came over from Haiti a month ago. His mom left him and went back to Haiti and he is staying with a kind woman who took him in though she is an impoverished single mom herself. He is covered in scabies, has a fungal infection all over his head, he has parasites, and also boils all over his legs. We purchased his meds and took food for the family. Please pray for his healing.

Domingo is a talented woodworker who has helped us with several projects. He has cellulitis on his leg which had been misdiagnosed as muscular pain for a long time. He is in a lot of pain now but we have helped with his meds and tests to cure his infection.

The Foundation for Peace is doing really amazing work. I'm so proud to serve and to be able to reach out and meet these needs. You can read more about the work that we are doing here at our website:

Thank you to those you make this ministry possible!

-Kristin Hamner

FOUNDATION FOR PEACE

Working Together, Lives Are Forever Changed.

The communities we serve know what they need most. FFP comes along side them, working hand-in-hand to achieve their goals. This flexible partnership approach lets us say "yes" to communities' greatest needs. Our motto, "We can't do everything, but we'll do anything!" describes our mission to meet people where they are and work together for lasting change.
